GEORGE H. LITSINGER ADDS TO DR. WETMORE'S STORY.

SAYS HALF HAS NOT BEEN TOLD

FURTHER TESTIMONY AS TO TOPE-KA ASYLUM ABUSES.

Patients Grossly Neglected and Left to Suffer While Physicians and Attendants Sought Their Own Pleasure-Shameful State of Affairs.

TOPEKA, Oct. 3L-(Special.) George H. Litsinger, of Courtland, Kas., an attendant at the Topeka asylum under Dr. Wetmore, has written a letter to the doctor congratulating him upon the stand he took in exposing the corruption, debauchery and ruelty at that institution. Litsinger has ived in Republic county for twenty years, He has edited the Courtland Register and the Republic City News. In 184 he was the Populist nominee for county clerk of that county. He was principal of the Courtiand schools for five years and enjoys the respect and confidence of the people there. He was appointed attendant at the Topeka asylum by the present Pop-ulist state board of charities and held the place until the week after Dr. Wetmore resigned, when he tendered his resignation, and is now studying medicine in Kansas City. He not only indorses everything Wetmore says, but relates other instances of cruelty inflicted on the unfortunate in-

mates. His letter follows:
"Dear Doctor:-Ever since your resignation as superintendent of the Topeka insane asylum, and especially since you so truthfully and systematically disclosed the state of affairs existing in that institution, I have thought of writing to you, giving expression to my most hearty commenda-tion for your manliness and curage. Being employed at the institution during the last six months of your service, I can appreciate the merit of your open letter to Gov-ernor Leedy, and, being acquainted with many of the alleged facts, I most willingly testify to their truthfulness, and wish to extend my most hearty congratulations to you for the able manner in which you have laid bare the villainy of the responsible

means of knowing as to the truthfulness of your charges concerning the criminal negligence or inability of Dr. Smith, he being in charge of the wards in which I served. and I am frank to say that you did him a great injustice by underestimating his gen-eral cunsedness, as you also did in showing up the ignorant stupidity of your assist-ent. In Sect.

up the ignorant stupidity of your assistant. Dr. Scott.

The friends and relatives of the patients in the Topeka asylum, as in all other like institutions, rightfully expect that, in many cases, their unfortunate ones will be restored to their right minds, or, at any event, will receive such scientific treatment as will bring about a restoration, if possible. As taxpayers of the state they have a right 'to test secure in the faith' that only the ablest and best men obtainable should be placed in charge of such institutions and that they should be given the most tender and loving care. But what a gulf is fixed between theory and practice when comparison is made with the Topeka asylum.

"I am satisfied that the best results in "I am satisfied that the best results in the treatment of mental diseases can only be obtained from the earliest possible ef-forts. In truth, it is a pitiable fact that many cases of incurable insanity are caused by a neglect of scientific treatment in the early stages of the disease, it is ter-rible to think of our friends or relatives being lost to themselves and the world for-ever when early attention and medical skill

being lost to themselves and the world forever when early attention and medical skill
might have restored them; and yet that
is the condition which existed, and I have
every reason to believe still exists, in the
institution over which you had nominal
charge, but which, in fact, is under the
control of a great reform party with humanity as its fundamental principle, and
which is manipulated as a political machine by the leaders of our party.

"But I ought not to deal in gittering generalities. To be more specific, let me mention some details with which you may not
be familiar. Being attendant on the principal receiving ward of the asylum for
about three months, I had opportunities to
observe the treatment of new patients,
many of whom, in my judgment, were more
sick physically than insane; that is to say,
their insanity was caused by sickness or
trouble, and by early scientific treatment
they should have been restored. I have seen
weeks and weeks go by without the slightest examination of such patients by Dr.
Smith, and without the least medication
whatever. With sadness in my heart at
such neglect. I have witnessed those patients become worse and worse, until many
of them have become hopelessly insane. A
Mr. Mitchell, of Cawker City, is such a patient, as is also James Brenner, of Karasas
City, Kas., and many others I might mention. These, together with fully 55 per centum of all the patients in the entire institution, receive no medical treatment what-

tient, as is also James Brenner, of Kansas City, Kas., and many others I might mention. These, together with fully 55 per centum of all the patients in the entire institution, receive no medical treatment whatever. I know whereof I speak, having distributed the medicine for nearly 400 patients for two months, and at no time did the number receiving medicine exceed seventy-five, it most of the time being but slightly in excess of sixty. The percentage is even smaller among the lady patients, and these, most of them, are patients who should obtain permanent rellef.

"During all my time as attendant, I never saw Dr. Smith make an examination of a single patient. His examination of the wards usually occupied just enough time to permit him to walk through, without giving attention to anyone. The piteous appeals of his suffering patients made no more impression on him than if they were the wilnes of a whipped dog. His neglect is worse than criminal—lit's daminable. James C. W. Smith, of Nemaha county, a patient who carns the state \$1 a day, has been suffering with a painful and dangerous hernia since coming to the institution, and yet Dr. Smith has never had time (7) to order him a truss or any year to f suspensory apparatus. William Tapp, another patient, has the most frightful hernia I have ever seen, and yet he can get no protective appliance. Mr. Bellmont, a patient, together with Mr. Studebaker, and others whose names I do not know, suffer awful tortures with hemorrholds, piles, and yet they can get only such relief as nature provides. These are shamefully and persistently neglected, while Dr. Smith plays whist and high five. Yet he is not without precedent; Nero indided while Rome burned. I can only wonder that the cancellation of a fifty dollar doctor bill would so stultify Governor Leedy's sense of humanity as to cause his excellency to appoint and retain such a man as physician to nearly 400 helpless, stituble human belone. xcellency to appoint and retain such a non as physician to nearly 400 helpless, itiable human belongs. "I could not positively say that H. G.

mper had been on that continuous de-uch of which you wrote, but if his tent breath and general actions and appotent breath and general actions and appearance count for anything, I can say that I have never seen him sober. I have known of more than one drunk at the expense of the state, as one of your exwatchmen carried a key to the drug room and helped himself and others to have a good time. This same watchman permitted and connived with certain attendants in bringing common prostitutes into the asylum at suited intervals. And this is the class of men employed to assist you in caring for the state's most helples wards. I only wonder that you stood it as long as you did.

I only wonder that you worked and voted as you did.

"Doctor, I have always worked and voted with the Populist party, believing that we stood for that which was best for the greatest number, but I am awfully sick and tired of such manipulations as forced you to leave the Topeka asylum. Some one is responsible.

one is responsible.

RIDDLE AND YOUNT AT OUTS. Latter Is Blamed for Not Seeing That the Topeka Fusionists Reg-

TOPEKA, Oct. 31.—(Special.) A row has broken out between Taylor Riddle, chairman of the Pop state committee, and I. T. Yount, election commissioner of Topeka. Riddle blames Yount for not getting out the fusionists to register. He charges that it is the duty of a Pop election commission-er to see that his party vote is registered. In fact, he says that is wind an election commissioner is for, and accuses Yount with being an habitual loafer. In reply, Yount says it is unbecoming an election commissioner to get out and hustle in his party vote, and that, if he did, he might lose his place for malfeasance.

More Botkin-Burton Controversy.

To The Journal.

Your issue of Ostober 29 states that in his recent speech at Independence, Kas., J. R. Burton reiterated his threadbare charse that I attacked the administration because of its neglect of my son. I brand Mr. Burton and all others who make this charge against me as willful and malicious prevarientors. In a cass involving the question of veracity between the Abilene man and myself I have no lears as to the verdict the people of Kansas will render.

REFORMERS ENTER PROTEST. Civil Service League Urges the Pres-

ident Not to Reduce Classified List.

WASHINGTON, Oct. 31.—The Civil Serv-ice Reform League has sent a letter to the president expressing its hope that he will not, as reported in the public press, withdraw a number of places now filled by civil service methods from the scope of the civil service rules. The letter says: "The league submits for your considera-tion the certainty that such changes, whattion the certainty that such charges, what-ever their motive, and however they may be explained by those by whom they are suggested, will be greeted alike by the friends and enemies of the merit system as a step backward—a step the more sig-nificant because it will be the first stap backward avowedly taken by the executive

nificant because it will be the first step backward avowedly taken by the executive branch of the givernment since the civil service law took effect.

'The merit system in our public administration has proved its worth. Experience has shown that, wherever the hostility of appointing or governing officers has not been an impediment, it has improved the personnel of the branches in which it has been established, and reduced the public expense; while in other branches, where the rule has not been applied, the case has often been notably the reverse.

'In the classified force of the departmental service at Washington alone during the period from 1881 to 1896 the saving effected annually through increased efficiency has been estimated in the official reports of the civil service commission at more than \$1,000,000.

"We believe that changes whereby positions and classes of positions are now removed from the classified service will be accepted not only as a step backward, but as proof that the system is not regarded by the present administration as here and here to stay, and will inevitably awaken doubt as to the sincerity of repeated declarations of the party now dominant in national affairs that the law establishing it shall be thoroughly and honestly enforced and extended wherever practicable."

WASHINGTON, Oct. 31.-(Special.) Walter Fields and other citizens of Oklahema recently sent a written request to the acc-retary of the interior for a construction of the law affecting the right of Indians to of the law affecting the right of Indians to vote at an election. It is thought that a decision rendered by Assistant Secretary Hyan, in a similar case arising in North Carolina, defines the position of the interior department on this question, and Mr. Hyan was busy to-day reviewing his ruling.

Otherwise, the interior department will not make a decision. An effort is being made to get a ruling from the attorney general. Under the organic law of the territory, no discrimination can be made against a chilzen on account of race or color, but those who oppose the Indians rights to vote fall back on the caustitutional provisions exempting hon-taxpaying indians from the right of suffrage. In the face of this circumstance stands the fact that the Indians in Oklahoma exercised their right of franchise in Isse, and the Pottawatomies were voters in Kansas before they were sent to Oklahoma.

BANKER WALTON TALKS OF MAT-TERS IN HARPER COUNTY, KAS.

Populist Judge Who Crossed Swords With Jerry Simpson Will Be Succeeded by a Republican, Judge Gillette.

"G. W. McKay, the Populist judge of the Twenty-fourth district, who crossed swords with Jerry Simpson last summer, will be beaten this fall," said P. G. Walon, banker, of Anthony, Kas., at the

Blossom house yesterday.

"There is an open tight between Congressman Simpson and McKay," said be. "One year ago McKay opened his guns on Simpson on account of the latter's part in the last legislature, lobbying, as he claimed, against several Populist measures. He suceeded in defeating Frank Hamilton, counclerk of Harper county and Simpson's right-hand man. Not satisfied with that, Hamilton was accused by him of misusing county funds, although Populist commis-sioners had given him permission, and hemselves violated a statute by not calling him to account. themselves violated a statute by not calling 1 im to account. McKay had suit brought to recover the full penalty affixed by law, over \$2,000 in all. The case was dropped, I cover \$2,000 in all. The case was dropped, I cover, when McKay found his own friends would not uphold him in it.

"Hamilton has worked hard ever since to undo McKay. Then he objected to Simpson's speaking in Harper county during the campaign and carried the light into the central committee meeting, where he met Jerry face to face with his accusations. Simpson was beaten.

"The congressman took his medicine, saying it was an off year and by giving him rope McKay would hang himself before a decisive campaign came around. It has proven true.

"It is conceded that if Harper county goes Republican on the office of district judge. Preston Gillette, the candidate from Kingman, will be elected. We have polled the county carefully and the result shows a majority, conservatively estimated, of forty-live for Gillette. It will run nearer 150. The county has given McKay 400 majority before. He has held the office three terms, although he loudly proclaimed himself, when a former candidate, six years ago, against second terms. He and his brother, Arthur McKay, official stenographer, are said to have drawn \$20,000 saiary from the district since McKay took the bench.

"In polling the county we found over 200 Democrats, more than half of whom will vote against McKay, Less than fifty voters are doubtful, Kingman county will give McKay 150 majority. Barber will not be much either way and Pratt county will give McKay 150 majority. Barber will not be much either way and Pratt county will give helder to majority in Pratt a hard light is being made on Simpson by Brown, and, while an indifferent friend of McKay, he will willingly sacrifice him for votes to beat Simpson.

"Harper county will probably elect a mixed ticket on county offices, as it has done for several years past."

Skirts and the Wind.

An observing woman, who rides the bicycle in all kinds of weather, has this to say regarding the tendency of skirts to blow about and distress their owners:

"I have been noticing skirts a great deal lately, and trying to discover why some, even when they are narrow, still blow out so much, which others, which are often wider, sit so well. I believe I have made a discovery. I don't think the width has nearly so much to do with as the position of the rider's knees.

"One must keep her knees quite close together or the skirt, instead of falling straight down flat, will billow out and make no end of dappery for the wind to frolic with. This is rather a difficult thing to explain, and seems hardly correct, but to prove it a girl should notice the different skirts on bicycles and try herself somulum when she is riding, and see at once what a difference the position of the knees makes."
